COUNTY NEWS

News of each Community Gathered each week by Our Rustling Associate Editors

Waldport.

Mrs. Fred Overlander is visiting at Corvallis for a few days.

T. J. Allen is selling mantle lamps in this vicinity.

Walter L. Myers has been canvassing Lincoln county taking orders for some up to date maps.

Dr. Tatom, the dentist, is again with us for a short time.

Mrs. J. B. Olmsted of Portland has moved into her cottage for the season.

The Condor and Wilhelmina both paid us a visit last week.

Virgil Howell has moved back to Ocean View, where he is postmaster.

It is now announced that the Toledo ball team will play here on the Fourth instead of the Alsea team.

The Waldport Lumber Company has built a large water tower near the mill.

We are very much in need of a road up the Alsea river to Tidewater. We have been working for this road for the last eighteen years. The road could be built for a nominal sum. Now that Summer travel has commenced we realize our need more than ever.

School meeting was held Monday and the voters of the district showed their disposition toward a liberal education by voting a five mill tax to be used for general school purposes in whatever way the board deems proper. Wm. Brooks will be chairman during the coming year. Immediately after the election the board met and selected teachers for next term.

Bay View.

J. M. Hughes was in Bayview Saturday on his way to Ona.

Miss May Murphey of Ocean View was a passenger for Toledo to attend teachers' examination.

Some of the Beaver creek Grangers were hauling lumber for their hall on last Tuesday.

Mr. Carns of Corvallis took a band of about thirty head of cattle through this place Tuesday enroute for Corvallis.

Burt Twombly attended the Socialistic meeting held at Ona last Saturday.

School meeting passed off quietly at this place.

Kernville.

Jesse Stone has been on the sick list for some time.

John I. Butterfield made his sister, Mrs. Stone, a two days' visit.

Mr. and Mrs. Hammond entertained Mr. and Mrs. Stone, Mrs. Butterfield and Mr. L. Johnson at a dinner. All enjoyed themselves.

Mrs. Parmele went over to the head of the Lake Sunday to see Mrs. Nixen, who has been sick for some time.

Siletz base ball boys played Salmon River nine last Sunday. They played on Salmon river diamond. The score was 18 to 21 in favor of Salmon River.

Merchant William Dodson sent his team and driver to haul the ball team to Salmon river.

Several tents of campers are in and more coming.

There is to be an excursion of automobiles in over the Salmon River road soon. The road is good

now, only one mud hole.

Messrs. Larson and Comer made a trip to Toledo last week.

Jim Taylor went to Cottage Grove to visit his children, who are staying with his sister and mother, his wife being dead.

Messrs. McCormick and Bohonen went out to Sheridan last week, returning this week.

Charlie Robertson went to the Valley the first of the week. He hauled Merchant Wick and family out.

Mr. Wick has closed out his store and gone to live near Astoria where he has bought a farm.

Miss Emmie Parmele is with Mrs. Carrie Parmele this week.

George Hammond has some nice furniture for sale. His time is out on the Parmele dairy ranch in August and he wishes to go out to Newberg to live.

Judge Gardner made our parts a visit the first of the week.

Jasper Algey returned from Toledo a few days ago.

Miss Nellie Nixen, the teacher in District No. 54, went to Toledo to take the teachers' examination. Miss Margaret Muir accompanied her. The girls stayed at G. S. Parmele's over night. They had their ponies taken across the bay Monday morning.

Abe Lincoln School.

Nelson Emory of Hood River has been visiting with his sister in law, Miss Anna D. Wood.

School election has come and gone with the usual amount of dissatisfaction. It seems strange that non-resident taxpayers should take more interest in the school than resident non-taxpayers that have children to educate. There is some—but not much—excuse for people who have property and no children kicking about a school tax, but for people with children to educate and only about six-bits worth of property kicking about a reasonable tax to build a schoolhouse is beyond comprehension.

Otis.

Harry Oviatt, brother of B. E. Oviatt, and Mr. Cleve Keese both of Sheridan are spending a few days on Salmon river, visiting with Oviatt and Dickens.

Mr. Sargen is improving his Salmon river ranch.

Nelse Gardner took a load of cheese out to Willamina this week for L. D. Hardin.

Al West has taken out two loads of his own cheese the last ten days. He has his own cows and factory.

Peter Bobb had his wife moved from Siletz bay, where she had been buried ten years, and buried her in the Indian grave yard on Curl's place on Salmon river. He put up a fine tombstone at her grave here at Salmon river.

William Bobb, brother of Lesley Bobb, has come in to spend the Summer with Les.

The Taft baseball team came up Sunday and played the Otis team. It was a hot game up to the 7th inning, the score stood 33 to 37 in favor of Otis, when Captain Jesse Bosler of Taft lost control of his team and Otis made 25 more scores in the 8th and Taft only made 20 in the 9th Otis got home with 15

more and Taft threw up the sponge.

Pigeons are scarce this season. Everyone has a hunting license but nothing to hunt.

Lots of campers coming in now. They all claim the road is better from Sheridan to Salmon River bay than it is to the Nestucca and Tillamook countries, no hills and lots of cross lay so one can trot right along.

Mr. McDonald is slashing for Mr. Trobridge.

H. Curl has gone to Champoege to bring his children home from school. They have been there all winter in school.

Salado.

I see no one will take the pains to tell what settlers are doing so if our editor will publish what I write I will blow this end of the fog horn.

First and foremost of the improvements is a new mail route just established to go from Elk City to the new postoffice at Barber. The old office of Salado has been re-established and the settlers along the route or most of them are paying a special mail carrier for three months, then if we write lots of letters and take lots of papers, Uncle Sam will think we are important enough for him to carry the mail which in the long winter months is badly needed.

George Hodges and sons and Mr. Aplet and Mr. Washborn are building a new school house in this end of the school district. The present schoolhouse is so far that that none of the children could go to school. There are fifteen children of school age here.

The new settlers along the Beaver creek ridge are talking of getting a telephone line to connect with the local line up Big Elk.

George Hodges with a small crew of men is at work building the Deer Creek bridge. There is not much use to build a bridge along this road, it is in such awful bad repair, it is almost impassable for light rigs and heavy loads cannot be hauled.

Fish are biting fine in the Big Elk now.

Mr. Cook is doing quite a business in the beef line. He has moved up to the Scarth place and his son in law, Mr. Fooler, is living on the Cook chicken ranch.

There has been quite a lot of bear hunters over on the Ellsworth ridge this Spring, but Della Hodges and his dogs seem to be the only one that got a shot at the real bruin.

Gardens are very late this Spring but all the new settlers have got quite a lot of ground in and their oats and truck look well.

He was crossing a pasture to get to Olalla slough where he keeps his launch moored, when he was attacked by a Jersey bull which butt him over several times and bruised him up considerable, before he could escape. He says he owes his life to the fact that the bull had no horns.
